

## **Our brother David Wilkerson's departure.**

Unbelievable ! Evangelist David Wilkerson wrote his last message the day of his departure from this earth, announcing his inevitable death. Here is the message issued on his blog : **“To all who are crossing the valley of the shadow of death, hear this word. Tears will last during long and somber nights and through this darkness. You will soon hear the Father murmur : I am with you. I am unable to tell you why at the present time, but one day, everything will make sense and you will see that everything was according to my will”.**

### **It was not an accident.**

Before reading these lines, I, along with countless others, was terribly saddened. I HAD JUST LOST A MAN OF GOD who for me was a source of blessings. Each time I received one of his sermons, it was as if a ray of sunlight was entering my private “Upper Room”. He uplifted my faith, giving me hope that the Church of this generation would undergo a great change. He was a prophet with a message for us in 2011.

I questioned myself. How could such an event take place ? What explanation could I draw from the Scriptures ? How could one explain such a tragedy ? Everything works together for good to those who love God. I was unable to comprehend the meaning of such a verse. The Lord encompasses those who love him. That verse also is difficult to understand. Furthermore, I, the least among the least, three times was I saved from a certain death, not to mention the day when my Heavenly Father extended his arms towards me !

The murmur David Wilkerson mentions in his last message, I have heard it. My Heavenly Father has explained it to me. Perhaps might you be saying : Who does he think he is ? You are right ! The Lord takes what the world considers foolishness to confound the wise, those that are not. At any rate, I do not pretend to be the only individual to have heard this murmur.

The murmur I did hear was : **“He is not dead”** ! Someone will say : “Yes, I know that Jesus said that whosoever believes in me will never die”. Without a doubt, others will say : “Come now, his funeral service was held last Monday.” Nothing could reassure or console me. I prayed with all my heart; I needed a response. It was for me like a heavy blow right in the center of my forehead ! Perhaps have you also received the answer.

It has taken me quite a while before being able to write what follows. Here is my comprehension of the murmur I did hear : **“When the moment comes according to my plan to reclaim man's spirit, whether he be in his bed or in a field or behind the wheel in his car, he can no longer go on with his daily activities. It is not death for a child of God, but an ascending to Heaven”** !

My brothers and sisters, we have to be ready 24 hours out of 24, every day. Let us watch and pray since we do not know the day nor the hour the Master will return.
